

BIO

In an era where roots-rock bands can easily slip into comfort, The Revivalists' new album *Get It Honest* feels like a radiant declaration of purpose — equal parts introspection and communal joy. With veteran producer Rich Costey (whose work with Muse, Foster the People and Death Cab Cutie has sharpened the edges of so many modern classics), the New Orleans eight-piece have distilled their sprawling energy into something both precise and soulful.

This is a Revivalists record that doesn't just wear its influences — from expectant alt-rock anthems to jazz-inflected soul sweeps — it reclaims them, insisting on music that feels honest in every sense of the word. It's a record that doesn't just reflect their journey from New Orleans clubs to festival main stages but reaffirms why they're still one of today's most compelling bands.

GET IT HONEST OUT JULY 24
